

Lipstick Women: Stories of Lesbian Passion

ABOUT THIS BOOK: Five steamy stories of lesbian passion: Fresh out of graduate school, a young woman arrives at a women's college to begin a teaching career. Her first day in the place, she's propositioned by an older woman professor. Will her career survive? A woman in a love affair with another woman has been wanting something special since the beginning, but the lover has continued to refuse. Finally they agree to take a Caribbean vacation. Will the refusal continue? A butch and her femme lover are meeting for the last time because the femme is getting married the next day to a man. The butch wants the affair to continue in secret. Will she get what she wants? Returning from a trip to London, a woman corporate executive flirts with a stewardess. They agree to a dinner date in two days. They have dinner and then make love in a hotel room. What happens when the stewardess turns dominant? After a butch attorney agrees to represent a wealthy aristocratic femme in a divorce case, they circle and gravitate toward each other, finally flaming into an explosive encounter. Is the affair ending or just beginning? Warning: These stories contain explicit scenes of sex between women. Adults only, please!
