

Text Beware Horror Stories: A compilation of Text Stories from the Beware Horror Comics: Chilling Tales of Horror

Special Text Horror Edition This is a SPECIAL EDITION of all text stories that appeared in the Beware Horror Comic books of the 50s. Since there was only one text story per comic issue, this special issue contains 15 horror stories that appeared in the 15 different Beware issues. Some changes in appearance were made in Photoshop to try to make them more presentable. The basic background color was kept in tack but only a certain amount of clean up was made in Photoshop, since the letters would become unreadable when too much cleanup was applied. It was decided to present these stories as is, otherwise these stories would not have been available to very many people. Table of Contents His Brothers Keeper! Chills in the Night Eyes of the Dead Into Thin Air The Devil Shares a Body The Watery Ghost The Man Who Died Twice The Sea Ghost Returns Out of the Grave Dead and Gone The Land of Demons Beware the Drums! The Key of Revenge Make Me Invisible Now is your chance to read some to these horror tales that were written in the 50s. Click the buy button now to get your copy.
