

When alpha werewolf Andrew James is captured by a vampire, hes naturally a little peeved at himself, until hes offered freedom in exchange for sex. It doesnt take Andrew long to realize the vampire is his mate, and hes not about to let him go, even if it means abandoning his pack and swearing loyalty to another. Prince Vladimir Belekoff cannot believe the foolishness of this werewolf. All he wanted was a night of passion, to feel like he mattered before sending the werewolf on his way. Andrew is determined, however, and Vlad cant help the fact that he wants the gorgeous, mysteriously affectionate man to stay. As a fourth son, Vlad is so far down the line for the throne that he almost doesnt count. He is to be married to a wealthy vampire lord, and soon he must choose if his and Andrews lives are worth risking for something his title could never give him: freedom and love. A Siren erotic romance
