

## Pointless Conversations: The Big One

Pointless conversations: a selection of daft, ridiculous and utterly pointless meanderings from the mind of Scott Tierney. If you've ever wanted to know the answers to why Superman is a coward; why Spiderman should technically be deformed; and if Superdog caused the death of Krypton, then these bite-sized comics will reveal all. The discussions may be insane, and most of what is said is rambling, but despite this, you may find yourself agreeing with most of what is said. It's a fair point: where does Spiderman store all that web?
