

The New Nursery Rhymes

Your children will get excited and stimulated by the words of the new nursery rhymes. These new rhymes express the current life culture that our children experience today. Most of the old ones express the past culture that was prevalent at that time including the farm life that many lived. Today our children have television, cell phones, computers, video games, iPods and much more than a little lamb or a cow. So, I invite you to read what I have written for our children that will keep them interested and relating to what is read to them.
