

## The Flash, #215

Wally West reads the letter Barry Allen wrote for him after the Justice League mind wiped Doctor Light. Barry justifies the League's decision in the letter. He tells Wally how The Top's crimes became more and more violent as time went on. He tells Wally how he captured The Top and took him to the League, asking them to use the same spell that they had used on Doctor Light to make The Top a good person instead of a villain. Ultimately the League agreed and Zatanna cast her spell. The spell seemed to work. For a while, the Top helped Flash defeat several villains. Eventually, it drove him crazy and the Top disappeared. Barry tells Wally that when the Top returns, Wally is to return his sanity to him. In Chicago, Heat Wave is being interrogated about Sue Dibny's death by Firehawk, Blue Beetle and Booster Gold. The Pied Piper arrives and frees Heat Wave from the heroes. Back in Keystone City, Wally goes to visit Ashley Zolomon in the hospital. He asks for her help with finding the Top in San Francisco, Zatanna is doing the dishes when Flash shows up and tells her they are going to fix the Top's mind.
