

This book is an exploration of different types of pain, their value and consequences, and the value of the lessons learned through experiencing various kinds of pain. It is divided into three sections. Section I – When Pain Means STOP! addresses the kinds of situations or behavior that should be abandoned immediately. Section II – When Pain Means DON'T STOP! examines the things that help us stretch and grow. Section III – When Pain Means PROCEED WITH CAUTION! looks at pain that simply exists as part of our human experience. I would hope that the reader will be entertained and instructed, especially instructed. Perhaps, some unfortunate life experiences can be avoided if one heeds the lessons within these pages. At the least, I would hope that this book helps the reader understand and appreciate the value of discomfort. There is a lesson in everything, whether we like it or not.

This is Zoic: A Bedsum & Grey Adventure, Two Birds in a Gilded Cage, Be Great Wherever You Are, Metropolitan Transportation Problem, A Chocolate Soldier, Commonwealth Finance Ministers Reference Report 2005, The Courtship of Animals, The Sleeper Awakes - The Original Classic Edition, The Blue Book, 4th Iasted Asian Conference on Communication Systems and Networks 2007,
