

## What Goes Around (Donny Weston-Abby Marshall Thriller Book 5)

Just when it seems that our two young heroes, Donny Weston and Abby Marshall are able to return to the University to complete their studies, fate decides to play another turn as once again the two young lovers come under attack, this time from a most unsuspected source. It appears that not even the majestic powers of the British Intelligence Service will be enough to rescue the beleaguered duo and they will have to survive through their own skills. Finding togetherness even among the onslaughts, Donny and Abby also find remarkable friends who offer their assistance; but will even that be enough to overcome the determined enemy?
