Produce to be . . . all that potential will ask of you and me. Die as an empty vessel that's emptied out and used to replenish a souls drought. Always assert strengths and assess what's weak to arrive early at production's peak. Courageously travel the path that'll, coincidentally, often have wrath. Manage to grow even during a season that's slow - not only for this generation but for more generational momentum to flow. Produce so others can see . . . how a paradigm of persistence, beyond imperfection, could actually be. Give and it'll be given back like a Happy Meal with a Big Mac. A 100-fold return on 100% efforts produces an intangible that the law of attraction says is imaginable. Make moves that'll have meanings for 100, 1,000, and even 10,000 years of gleaning. Let rumors and remembrances reiterate an ever-lasting debate about the question: Were they great? Ultimately, memories will remind the eye of their mind how the utmost enlightenment was a lifetime find. Produce based upon an earnest decree . . . to reveal that all the definable are reachable fruit growing on prosperity's tree. Always proclaim the value of humanity's name so others can see how to play life's game for award-winning fame. Always cultivate and protect a heart's culture from pessimism - the negative culture. For any results-driven advocating for conscious living, a monumental movement maneuvers ahead by resurrecting the spiritually dead . . .
